

Windsor Citizen's Academy

Here's a fun opportunity to learn more about the services the Town of Windsor provides and how you can get involved. The interactive Citizen's Academy meets on one Wednesday and six Thursday evenings and focuses on how daily government operations contribute to a better community. See details in the September 21 entry on page 4. During the program, participants will have the opportunity to:

- Go behind the scenes and see what happens when you call 911
- See the latest firefighting equipment and learn how our volunteers react immediately to alarms
- Think filling a pothole is easy? Learn how Windsor's Public Works experts do it
- Tour the town
- Meet a variety of town staff.

This is a free program for the first 30 people who register by calling 860-285-1835 or online at townofwindsorct.com
